

SAD DEMISE OF PROFESSOR PREET RUSTAGI

(16 October 1967- 21 August 2017)

We are sharing with profound grief that Prof. Preet Rustagi passed away this morning after a brief illness which started with liver ailment but soon led to multiple organ failures. Dr. Rustagi, Professor at Institute for Human Development (IHD) and also Secretary of the Indian Society of Labour Economics (ISLE), was a well-known economist and gender expert. A lively and extremely friendly human being with great zeal for life, Dr. Rustagi has left a big void in academics in general and IHD and ISLE in particular.

You may post your condolence message at mail@ihdindia.org

With grief,

IHD and ISLE Families
and all Friends
